

U.S. 96 Pgr

v. 59 pt. 2

# INDEX

## A

Page

Adenomatous lesion of the stomach, spontaneous, in mice of strain I, studies on some possible causative factors of the—Andervont.....	2085
Adenomatous stomach lesion in strain I mice, development and genetic characteristics of the—Andervont.....	1851
Alabama. (See Name of disease—Current weekly State reports; Summary—Disease cases reported monthly by States.)	
Alaskan fleas, a list of: Siphonaptera—Jellison and Kohls.....	2020
Allergic irritability in rheumatic and nephritic patients—Schultz.....	1273
<i>Amblyomma maculatum</i> , observations on an infectious agent from—Parker, Kohls, Cox, and Davis.....	1482
Amylase, salivary, effect of fluorides on—McClure.....	2165
Andervont, H. B.: Development and genetic characteristics of the adenomatous stomach lesion in strain I mice.....	1851
Factors influencing carcinogenesis with methylcholanthrene. II. Lack of effect of foster nursing.....	2080
Pulmonary tumors in mice: VI. Time of appearance of tumors induced in strain A mice following injection of 1:2:5:6-dibenzanthracene or 20-methylcholanthrene.....	1512
VII. Further studies on the serial transmission of lung tumors occurring in inbred mice.....	1519
VIII. The induction of pulmonary tumors in mice of strains D, M, C57 brown and C57 black by 1:2:5:6-dibenzanthracene....	1524
IX. The induction of pulmonary tumors in strain A mice by injection of 2-amino-5-azotoluene or 3:4:5:6-dibenzcarbazole.....	1529
Studies on some possible causative factors of the spontaneous adenomatous lesion of the stomach in mice of strain I.....	2085
The influence of foster nursing upon the incidence of spontaneous breast cancer in strain C <sub>3</sub> H mice.....	1597
The susceptibility of five inbred strains of mice to liver changes induced by subcutaneous injection of 2-amino-5-azotoluene.....	1986
Anopheline breeding, suggested classification of ponds based on characteristic desmids—Frohne.....	1363
Anthrax: (See also Summary—Disease cases reported monthly by States.)	
Iraq.....	2192
Ariboflavinosis. (See riboflavin.)	
Arizona. (See Name of disease—Current weekly State reports; Summary—Disease cases reported monthly by States.)	
Arkansas. (See Name of disease—Current weekly State reports; Summary—Disease cases reported monthly by States.)	
Armstrong, Charles: Successful transfer of the Lansing strain of poliomyelitis virus from the cotton rat to the white mouse.....	2302
The experimental transmission of poliomyelitis to the eastern cotton rat, <i>Sigmodon hispidus hispidus</i> .....	1719
Arsenate, lead, the solubility of, in body fluids—Fairhall.....	1636
Australia: Infectious diseases—1938.....	2105
Australian "Q" fever, similarity of, to a disease caused by an infectious agent isolated from ticks in Montana—Dyer.....	1229

## B

	Page
Badger, L. F.: Possible relation of calcium deficiency to the utilization of vitamin B <sub>1</sub> . Preliminary report.....	1775
Bauer, Hugo: Studies in chemotherapy:	
IX. Antibacterial action of some aromatic arsenic, sulfur, and nitro compounds.....	1317
X. Colorimetric tests for aromatic hydroxylamines and for further oxidation products of aromatic amines. Their demonstration in the urine following sulfanilamide administration.....	1880
XI. Antibacterial action of phosphorus compounds. Preliminary report.....	2093
Bell, E. John: The cultivation of <i>Rickettsia diaporica</i> in tissue culture and in the tissues of developing chick embryos.....	2171
Bengtson, Ida A.: Studies on the standardization of gas gangrene anti-toxin ( <i>sordellii</i> ).....	1435
Bittner, John J.: Breast cancer and the pedigree relationship of fostered A stock mice...	1642
Influences of breast-cancer development in mice.....	1590
The influence of transplanted normal tissue on breast cancer ratios in mice.....	1827
Boone, Bert R.: The incidence of cancer in Atlanta, Ga., and surrounding counties.....	1255
Botulism in Tennessee, outbreak of, due to type B <i>Cl. botulinum</i> —Tucker and Swanson.....	1556
Bozicevich, John: Studies on oxyuriasis. XIV. Controlled tests with various methods of therapy.....	2005
Brady, Frederick J.: Studies on oxyuriasis. XIV. Controlled tests with various methods of therapy.....	2005
Brazil: Rio de Janeiro—Poliomyelitis.....	1949, 2192
Breast-cancer development in mice, influences of—Bittner.....	1590
Breast cancer ratios in mice, the influence of transplanted normal tissue on—Bittner.....	1827
Breast cancer, spontaneous, in strain C <sub>3</sub> H mice, the influence of foster nursing upon the incidence of—Andervont and McEleney.....	1597
Brinton, Hugh P.: Disabling morbidity among employees in the slaughter and meat packing industry, 1930-34, inclusive.....	2196
Disabling morbidity among employees in the soap industry, 1930-34, inclusive.....	1301
Disabling morbidity and mortality among white and Negro male employees in the slaughter and meat packing industry, 1930-34, inclusive.....	1965
Britten, Rollo H.: The National Health Survey. Scope and method of the Nation-wide canvass of sickness in relation to its social and economic setting.....	1663
Butler, R. E.: Riboflavin deficiency in man (ariboflavinosis).....	2121

## C

Calcium deficiency, possible relation of, to the utilization of vitamin B <sub>1</sub> . Preliminary report—Badger and Masunaga.....	1775
California: (See also Name of disease—Current weekly State reports; Summary—Disease cases reported monthly by States.) Eldorado County—Plague-infected fleas.....	1999
Ventura County—Plague-infected fleas.....	1244
Canada: Provinces—Communicable diseases—Week ended— June 3, 1939.....	1249
June 10, 1939.....	1298
June 17, 1939.....	1360
June 24, 1939.....	1407
July 1, 1939.....	1464
July 8, 1939.....	1506

## Canada—Continued

## Provinces—Communicable diseases—Week ended—Continued.
